

# Delete This At Your Peril The Bob Servant Emails

**Delete This at Your Peril**-Bob Servant 2011-05-01 This is an hilarious collection of email exchanges starring the anti-hero of spam, Bob Servant, now republished with previously unreleased material. Spam is the plague of the electronic age, comprising 90% of all emails sent and conning over 0150m a year from British victims. Into this wave of corruption steps the brave figure of Bob Servant - a former window cleaner and cheeseburger magnate with a love of wine, women and song as well as a keen sense of fair play. This wickedly funny and original book features the anarchic exchanges between Bob and the hapless spam merchants. As they offer Bob lost African millions, Russian brides and get-rich-quick scams he responds by generously offering some outlandish schemes of his own. The spammers may have breached his firewall, but they have met their match as Bob Servant rises heroically to the challenge, and sows confusion in his wake.

**Delete This at Your Peril**-Bob Servant 2008-06-17

"Genius! Highly entertaining and brilliantly deranged."—Maxim Spam is the plague of the electronic age, comprising 90% of all e-mails and illegally netting

millions of dollars each year. Into this frustrating wave of directed marketing steps the brave figure of Bob Servant, a former window cleaner and cheeseburger magnate with a love of wine, women, and song—as well as a devious sense of fair play. In collusion with his "editor" Neil Forsyth, Bob gives spammers a taste of their own medicine. This wickedly funny and original book features the anarchic exchanges between Bob and the hapless spam merchants who unwittingly flood his inbox. As they offer him African fortunes, Russian brides, and get-rich-quick scams, he turns the tables by offering them some outlandish schemes of his own. Upping the ante with the skill of a seasoned pro, Bob demands legal asylum, shoulders to cry on, and gold lions that speak—and almost gets his way. The result is page after page of wacky and hilarious e-mail exchanges—and a cathartic release for anyone whose inbox has been deluged with unwanted e-mail. 22 b/w photographs.

**Ctrl Alt Delete**-Mitch Joel 2013-05-21 The DNA of business has changed. Forever. You can blame technology, smartphones, social media, online shopping and everything else, but nothing changes this reality: we are in a moment of business purgatory. So, what are you going to do about it? Mitch Joel, one of the world's leading experts in new media, warns that the time has come to CTRL ALT DELETE. To reboot and to start re-building your business model. If you don't, Joel warns, not only will your company begin to slide backwards, but you may find yourself unemployable within five years. That's a very strong warning, but in his new book, CTRL ALT DELETE, Joel explains the convergence of

five key movements that have changed business forever. The movements have already taken place, but few businesses have acted on them. He outlines what you need to know to adapt right now. He also points to the seven triggers that will help you take advantage of these game-changing factors to keep you employable as this new world of business unfolds. Along the way, Joel introduces his novel concept of "squiggle" which explains how you can learn to adapt your personal approach to your career, as new technology becomes the norm. In short, this is not a book about "change management" but rather a book about "changing both you AND your business model."

**Other People's Money**-Neil Forsyth 2012-06-28 Elliot Castro was a gifted outsider, a working-class kid with ambitions who wanted to live the high life but lacked the money to do so. Until, at the tender age of sixteen, he worked out how to use the credit card system to his advantage. Identifying the banks' security weaknesses, utilising his intelligence and charm, Elliot embarked on a massive spending spree. From London to New York, Ibiza to Beverly Hills, he lived the fantasy life, staying in famous hotels, flying first class, blowing a fortune on designer clothes. Time and time again Elliot managed to wriggle free of the numerous authorities who were on his tail, while his life spiralled out of control. Meanwhile, from a police station at Heathrow, a detective was patiently tracking him down . . . With a likeable hero, filled with humour and as fast-paced as a thriller, *Other People's Money* is crime writing at its best. 'A fascinating and illuminating story' Irvine Welsh

'Exhilarating Brit variation on Catch Me if You Can, which never misses an opportunity to up the sweaty-palmed suspense' Arena

**The Adulterants**-Joe Dunthorne 2018-03-06 For readers of Roddy Doyle, Nick Hornby, and Mark Haddon, *The Adulterants* is a piercingly funny—and cringingly poignant—take on how hard it is to grow up and how hard it is when you don't. Ray Morris is a tech journalist with a forgettable face, a tiresome manner, a small but dedicated group of friends, and a wife, Garthene, who is pregnant. He is a man who has never been punched above the neck. He has never committed adultery with his actual body. He has never been caught up in a riot, nor arrested, nor tagged by the state, nor become an international hate-figure. Not until the summer of 2011, when discontent is rising on the streets and within his marriage. Ray has noticed none of this. Not yet. *The Adulterants* would be a coming-of-age story if its protagonist could only forget that he is thirty-three years old. Throughout a series of escalating catastrophes, our deadpan antihero keeps up a merciless mental commentary on the foibles and failings of those around him, and the vicissitudes of modern urban life: internet trolls, buy-to-let landlords, open marriages, and the threat posed by more sensitive men. But the wonder of *The Adulterants* is how we feel ourselves rooting for Ray even as we acknowledge that he deserves everything he gets.

**37 Days of Peril**-T. Everts 2014-07-27 In the late fall of

1870 T.C. Everts found himself the unwilling lead in a man-versus-nature drama set against the backdrop of Manifest Destiny and on the stage of the rugged Rocky Mountains. His companions had abandoned him. He was without horse, gun, knife, food, or fire starting tools. The closest vestige of civilization was mountain ranges away. Winter was descending upon the high-altitude wonders of the Yellowstone basin. This is the incredible true story of T.C. Everts' harrowing 37 days of struggle for survival. Told in his own words, it depicts his struggle against nature and his own body in a desperate attempt to make his way home. A triumph of human perseverance and endurance this is must-read for any enthusiasts of wilderness survival!

**Dot Con**-James Veitch 2020-06-02 From viral comedy sensation James Veitch (as seen on TED, Conan, and The Tonight Show with Jimmy Fallon) comes a collection of laugh-out-loud funny exchanges with email scammers. The Nigerian prince eager to fork over his inheritance, the family friend stranded unexpectedly in Norway, the lonely Russian beauty looking for love . . . they spam our inboxes with their hapless pleas for help, money, and your social security number. In Dot Con, Veitch finally answers the question: what would happen if you replied? Suspicious emails pop up in our inboxes and our first instinct is to delete unopened. But what if you responded to the deposed princess begging for money in your Gmail? Veitch dives into the underbelly of our absurd email scam culture, playing the scammers at their own game, and these are the surprising, bizarre, and hilarious results.

**Ask Bob**-Neil Forsyth 2015-10-08 BBC TV and Radio's Bob Servant, self-styled 'hero of Dundee', addresses life's problems for you, and offers practical solutions you won't find anywhere else.

**Why Me?**-Neil Forsyth 2011-11-01 Bob Servant is troubled. The economy is collapsing, his health is failing and around his hometown of Broughty Ferry, Bob is struggling to get the respect he deserves. Fortunately his email junk folder is bursting with offers of assistance from around the world. In these genuine emails, Bob Servant looks to the Internet's worst con merchants and charlatans for answers to his many woes.

**Bob Servant**-Bob Servant 2011-05-01 In *Delete This At Your Peril*, Neil Forsyth introduced the fictional character Bob Servant to the UK and North America and his creation quickly gained a critically-led cult following. *Trainspotting* author Irvine Welsh picked *Delete This At Your Peril* for *Esquire's* Funniest Books Ever Written and both the book and the Bob Servant character are being developed for television and radio by the BBC. Sixty-three years old and resolutely single, Servant spends his days with a small number of trusted associates pursuing unlikely business opportunities, giving stern views on current affairs and 'chasing skirt'. His outlook on life is one of unbridled ambition and self-belief as he constantly battles the local 'boo boys' for the respect that he undoubtedly deserves. *Bob Servant: Hero of Dundee* charts the hilarious, whimsical and

action-packed life-story of Bob Servant, unveiling with touching bravery, a fearless romp through a life full of incident, from his rise from a childhood of abject poverty, through a career in the merchant navy, his establishment of the largest window-cleaning round in Western Europe and his part in Dundee's infamous Cheeseburger Wars of the early 1990s, to his current standing as an 'unemployed gigolo' in Broughty Ferry.

**The Fourth Industrial Revolution**-Klaus Schwab 2017  
World-renowned economist Klaus Schwab, Founder and Executive Chairman of the World Economic Forum, explains that we have an opportunity to shape the fourth industrial revolution, which will fundamentally alter how we live and work. Schwab argues that this revolution is different in scale, scope and complexity from any that have come before. Characterized by a range of new technologies that are fusing the physical, digital and biological worlds, the developments are affecting all disciplines, economies, industries and governments, and even challenging ideas about what it means to be human. Artificial intelligence is already all around us, from supercomputers, drones and virtual assistants to 3D printing, DNA sequencing, smart thermostats, wearable sensors and microchips smaller than a grain of sand. But this is just the beginning: nanomaterials 200 times stronger than steel and a million times thinner than a strand of hair and the first transplant of a 3D printed liver are already in development. Imagine "smart factories" in which global systems of manufacturing are coordinated virtually, or implantable mobile phones made of biosynthetic

materials. The fourth industrial revolution, says Schwab, is more significant, and its ramifications more profound, than in any prior period of human history. He outlines the key technologies driving this revolution and discusses the major impacts expected on government, business, civil society and individuals. Schwab also offers bold ideas on how to harness these changes and shape a better future--one in which technology empowers people rather than replaces them; progress serves society rather than disrupts it; and in which innovators respect moral and ethical boundaries rather than cross them. We all have the opportunity to contribute to developing new frameworks that advance progress.

### **Ten Arguments for Deleting Your Social Media**

**Accounts Right Now**-Jaron Lanier 2018-05-29 "You might have trouble imagining life without your social media accounts, but virtual reality pioneer Jaron Lanier insists that we're better off without them. In *Ten Arguments for Deleting Your Social Media Accounts Right Now*, Lanier, who participates in no social media, offers powerful and personal reasons for all of us to leave these dangerous online platforms"--

### **Perils of the Web: Cyber Security and Internet Safety-**

Magdalena Hodalska 2019-07-22 This interdisciplinary volume seeks to explore the practical dimensions of cyber threats and the changes cyber space has brought to the social and cultural environment we have known so far.

## **How to Defeat Your Own Clone**-Kyle Kurpinski

2010-02-23 Send in the clones! On second thought, maybe not. CAN IT READ MY MIND? WILL IT BE EVIL? HOW DO I STOP IT? Find out the answers to these and other burning questions in this funny, informative, and ingenious book from two bioengineering experts who show you how to survive—and thrive—in a new age of truly weird science. For decades, science fiction has been alerting us to the wonders and perils of our biotech future—from the prospects of gene therapy to the pitfalls of biological warfare. Now that future looms before us. Don't panic! This book is all you need to prepare for the new world that awaits us, providing indispensable cautionary advice on topics such as • bioenhancements: They're not just for cyborgs anymore. • DNA sequencing and fingerprinting: What's scarier than the government having your DNA on file? Try having it posted on the Internet. • human cloning: Just like you, only stronger, smarter, and more attractive. In other words: more dangerous. Our future may be populated by designer babies, genetically enhanced supersoldiers, and one (or more!) of your genetic duplicates, but all is not lost. *How to Defeat Your Own Clone* is the ultimate survival guide to what lies ahead. Just remember the first rule of engagement: Don't ever let your clone read this book!

**The Jewish Peril**-Serg'iei Nilus 2009 REPRINT. Originally published in 1920 by Eyre & Spottiswoode. Paperback.95 p. *The Protocols of the Elders of Zion* is a tract alleging a Jewish and Masonic plot to achieve world domination. Purportedly written by a secret group of Jews known as the

Elders of Zion, the document underlies 24 protocols that are supposedly followed by the Jewish people. The Protocols has been proven to be a forgery. The forgery contains numerous elements typical of what is known in literature as a "False Document" a document that is deliberately written to fool the reader into believing that what is written is truthful and accurate even though, in actuality, it is not. It is also one of the best-known and most-discussed examples of literary forgery, with analysis and proof of its fraudulent origin going as far back as 1921. The forgery is also an early example of "Conspiracy Theory" literature. Written in the first person singular, the text embodies generalizations, truisms and platitudes on how to take over the world: take control of the media and the financial institutions, change the traditional social order, etc. It does not contain specifics

**Pink Think: Becoming a Woman in Many Uneasy Lessons**-Lynn Peril 2002-10-17 A pop-culture history of the quest for ideal feminine expression traces the advice of marketing experts from the 1940s to the 1970s, during which women were pressured to adhere to stereotypical roles, in a volume that displays period artifacts and memorabilia. Original. 30,000 first printing.

**Archives and the Public Good**-Richard J. Cox 2002 This volume widens the perspective of the roles that records play in society. As opposed to most writings in the discipline of archives and records management, which view records from cultural, historical, and economical efficiency dimensions,

this volume highlights one of the most salient features of records: the role they play as sources of accountability. The authors demonstrate that records are not mute observers and recordings of activity, rather, they are frequently objects of memory formation and erasure.

**Lord of the Flies**-William Golding 2003-12-16 Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

**Prepared**-Diane Tavenner 2021-09 A blueprint for how parents can stop worrying about their children's future and start helping them prepare for it, from the cofounder and CEO of one of America's most innovative public-school networks "A treasure trove of deeply practical wisdom that accords with everything I know about how children thrive."--Angela Duckworth, New York Times bestselling author of *Grit* In 2003, Diane Tavenner cofounded the first school in what would become Summit Public Schools, which has since

won national recognition for its exceptional outcomes: 99 percent of students are accepted to a four-year college, and its students graduate college at twice the national average. But in a radical departure from the environments created by the college admissions arms race, Summit students aren't focused on competing with their classmates for rankings or test scores. Instead, students spend their days solving real-world problems and developing the skills of self-direction, collaboration, and reflection, all of which prepare them to succeed in college, thrive in today's workplace, and lead a secure and fulfilled life. Through personal stories and hard-earned lessons from Summit's exceptional team of educators and diverse students, Tavenner shares the learning philosophies underlying the Summit model and offers a blueprint for any parent who wants to stop worrying about their children's future--and start helping them prepare for it. At a time when many students are struggling to regain educational and developmental ground lost to the disruptions of the pandemic, Prepared is more urgent and necessary than ever.

**How to Avoid a Climate Disaster**-Bill Gates 2021-02-16  
#1 NEW YORK TIMES BEST SELLER • In this urgent, authoritative book, Bill Gates sets out a wide-ranging, practical—and accessible—plan for how the world can get to zero greenhouse gas emissions in time to avoid a climate catastrophe. Bill Gates has spent a decade investigating the causes and effects of climate change. With the help of experts in the fields of physics, chemistry, biology, engineering, political science, and finance, he has focused

on what must be done in order to stop the planet's slide to certain environmental disaster. In this book, he not only explains why we need to work toward net-zero emissions of greenhouse gases, but also details what we need to do to achieve this profoundly important goal. He gives us a clear-eyed description of the challenges we face. Drawing on his understanding of innovation and what it takes to get new ideas into the market, he describes the areas in which technology is already helping to reduce emissions, where and how the current technology can be made to function more effectively, where breakthrough technologies are needed, and who is working on these essential innovations. Finally, he lays out a concrete, practical plan for achieving the goal of zero emissions—suggesting not only policies that governments should adopt, but what we as individuals can do to keep our government, our employers, and ourselves accountable in this crucial enterprise. As Bill Gates makes clear, achieving zero emissions will not be simple or easy to do, but if we follow the plan he sets out here, it is a goal firmly within our reach.

**Sharenthood**-Leah A. Plunkett 2020-12-08 From baby pictures in the cloud to a high school's digital surveillance system: how adults unwittingly compromise children's privacy online. Our children's first digital footprints are made before they can walk—even before they are born—as parents use fertility apps to aid conception, post ultrasound images, and share their baby's hospital mug shot. Then, in rapid succession come terabytes of baby pictures stored in the cloud, digital baby monitors with built-in artificial

intelligence, and real-time updates from daycare. When school starts, there are cafeteria cards that catalog food purchases, bus passes that track when kids are on and off the bus, electronic health records in the nurse's office, and a school surveillance system that has eyes everywhere. Unwittingly, parents, teachers, and other trusted adults are compiling digital dossiers for children that could be available to everyone—friends, employers, law enforcement—forever. In this incisive book, Leah Plunkett examines the implications of “sharenthood”—adults' excessive digital sharing of children's data. She outlines the mistakes adults make with kids' private information, the risks that result, and the legal system that enables “sharenting.” Plunkett describes various modes of sharenting—including “commercial sharenting,” efforts by parents to use their families' private experiences to make money—and unpacks the faulty assumptions made by our legal system about children, parents, and privacy. She proposes a “thought compass” to guide adults in their decision making about children's digital data: play, forget, connect, and respect. Enshrining every false step and bad choice, Plunkett argues, can rob children of their chance to explore and learn lessons. The Internet needs to forget. We need to remember.

**Submerged (Alaskan Courage Book #1)**-Dani Pettrey  
2012-05-01 "Submerged is romantic suspense that will keep you up at night!"--Bestselling Author Dee Henderson A sabotaged plane. Two dead deep-water divers. Yancey, Alaska was a quiet town...until the truth of what was hidden

in the depths off the coast began to appear. Bailey Craig vowed never to set foot in Yancey again. She has a past, and a reputation--and Yancey's a small town. She's returned to bury a loved one killed in the plane crash and is determined not to stay even an hour more than necessary. But then dark evidence emerges and Bailey's own expertise becomes invaluable for the case. Cole McKenna can handle the deep-sea dives and helping the police recover evidence. He can even handle the fact that a murderer has settled in his town and doesn't appear to be moving on. But dealing with the reality of Bailey's reappearance is a tougher challenge. She broke his heart, but she is not the same girl who left Yancey. He let her down, but he's not the same guy she left behind. Can they move beyond the hurts of their pasts and find a future together?

### **We Are Bellingcat**-Eliot Higgins 2021-03-02

INTERNATIONAL BESTSELLER "Fascinating ... A powerful, exhortatory call to arms."-New York Times Book Review "A David-and-Goliath story for the digital age ... Thrilling."-Foreign Policy The page-turning inside story of the global team wielding the internet to fight for facts and combat autocracy-revealing the extraordinary ability of ordinary people to hold the powerful to account. In 2018, Russian exile Sergei Skripal and his daughter were nearly killed in an audacious poisoning attempt in Salisbury, England. Soon, the identity of one of the suspects was revealed: he was a Russian spy. This huge investigative coup wasn't pulled off by an intelligence agency or a traditional news outlet. Instead, the scoop came from Bellingcat, the open-source

investigative team that is redefining the way we think about news, politics, and the digital future. We Are Bellingcat tells the inspiring story of how a college dropout pioneered a new category of reporting and galvanized citizen journalists—working together from their computer screens around the globe—to crack major cases, at a time when fact-based journalism is under assault from authoritarian forces. Founder Eliot Higgins introduces readers to the tools Bellingcat investigators use, tools available to anyone, from software that helps you pinpoint the location of an image, to an app that can nail down the time that photo was taken. This book digs deep into some of Bellingcat's most important investigations—the downing of flight MH17 over Ukraine, Assad's use of chemical weapons in Syria, the identities of alt-right protestors in Charlottesville—with the drama and gripping detail of a spy novel.

**Jump**—Kim Perell 2021-11-16 You're just one Jump away from greater fulfillment in your career, your life, and your future. Discover the simple, successful formula for facing fear head on, ditching the excuses that hold you back, and finding the courage to Jump into the next chapter of your life. It's time to learn the approach that made serial-entrepreneur Kim Perell a multi-millionaire—and it could make you one too. In Jump, Kim shares her powerful personal story about hitting rock bottom and summoning the courage required to take a life-changing leap into the unknown. Broke, bankrupt, and afraid of change, she trusted her instincts, closed her eyes, and “jumped”. Kim's self-belief, know-how, and ultimate triumph is an

inspiration. Jump shows you how to overcome fear of the unknown and manifest success. Whether you're jumping from a place of greatness or uncertainty, the expert guidance in this book will: Encourage readers to get out of their comfort zones, overcome self-doubt, and take proactive steps to change their life. Empower entrepreneurs with invaluable insights and business tools necessary to move beyond fear, rejection, and failure. Teach individuals looking for a career change how to make a calculated risk that can pay off, and do it with confidence. Based on Kim's twenty years of personal experiences alongside thousands of entrepreneurs, business professionals, and investors she's worked with, Jump arms readers with the knowledge, tools, and mindset necessary to reach unmatched levels of success. Every great story starts with a jump and Kim's book will prepare you to take the leap!

**Black Picket Fences, Second Edition**-Mary Pattillo  
2013-07-02 First published in 1999, Mary Pattillo's Black Picket Fences explores an American demographic group too often ignored by both scholars and the media: the black middle class. Nearly fifteen years later, this book remains a groundbreaking study of a group still underrepresented in the academic and public spheres. The result of living for three years in "Groveland," a black middle-class neighborhood on Chicago's South Side, Black Picket Fences explored both the advantages the black middle class has and the boundaries they still face. Despite arguments that race no longer matters, Pattillo showed a different reality, one where black and white middle classes remain separate and

unequal. Stark, moving, and still timely, the book is updated for this edition with a new epilogue by the author that details how the neighborhood and its residents fared in the recession of 2008, as well as new interviews with many of the same neighborhood residents featured in the original. Also included is a new foreword by acclaimed University of Pennsylvania sociologist Annette Lareau.

### **American Dirt**-Jeanine Cummins 2020-02-26

"Extraordinary." --Stephen King "This book is not simply the great American novel; it's the great novel of las Americas. It's the great world novel! This is the international story of our times. Masterful." --Sandra Cisneros También de este lado hay sueños. On this side too, there are dreams. Lydia Quixano Pérez lives in the Mexican city of Acapulco. She runs a bookstore. She has a son, Luca, the love of her life, and a wonderful husband who is a journalist. And while there are cracks beginning to show in Acapulco because of the drug cartels, her life is, by and large, fairly comfortable. Even though she knows they'll never sell, Lydia stocks some of her all-time favorite books in her store. And then one day a man enters the shop to browse and comes up to the register with a few books he would like to buy--two of them her favorites. Javier is erudite. He is charming. And, unbeknownst to Lydia, he is the jefe of the newest drug cartel that has gruesomely taken over the city. When Lydia's husband's tell-all profile of Javier is published, none of their lives will ever be the same. Forced to flee, Lydia and eight-year-old Luca soon find themselves miles and worlds away from their comfortable middle-class existence. Instantly

transformed into migrants, Lydia and Luca ride la bestia--trains that make their way north toward the United States, which is the only place Javier's reach doesn't extend. As they join the countless people trying to reach el norte, Lydia soon sees that everyone is running from something. But what exactly are they running to? *American Dirt* will leave readers utterly changed. It is a literary achievement filled with poignancy, drama, and humanity on every page. It is one of the most important books for our times. Already being hailed as "a *Grapes of Wrath* for our times" and "a new American classic," Jeanine Cummins's *American Dirt* is a rare exploration into the inner hearts of people willing to sacrifice everything for a glimmer of hope.

**Monk's Hood**-Ellis Peters 2014-08-05 Silver Dagger Award Winner: In this medieval mystery, Brother Cadfael faces suspicion when one of his herbal ingredients is used to kill a man. Gervase Bonel is a guest of Shrewsbury Abbey of Saint Peter and Saint Paul when he suddenly takes ill. Luckily, the abbey boasts the services of the clever and kindly Brother Cadfael, a skilled herbalist. Cadfael hurries to the man's bedside, only to be confronted with two surprises: In Master Bonel's wife, the good monk recognizes Richildis, whom he loved before he took his vows—and Master Bonel has been fatally poisoned by monk's-hood oil from Cadfael's stores. The sheriff is convinced that the murderer is Richildis's son, Edwin, who hated his stepfather. But Cadfael, guided in part by his concern for a woman to whom he was once betrothed, is certain of her son's innocence. Using his knowledge of both herbs and the human heart, Cadfael deciphers a deadly

recipe for murder.

**Performing Environmentalisms**-John Holmes McDowell  
2021-09-14 Performing Environmentalisms examines the existential challenge of the twenty-first century: improving the prospects for maintaining life on our planet. The contributors focus on the strategic use of traditional artistic expression--storytelling and songs, crafted objects, and ceremonies and rituals--performed during the social turmoil provoked by environmental degradation and ecological collapse. Highlighting alternative visions of what it means to be human, the authors place performance at the center of people's responses to the crises. Such expression reinforces the agency of human beings as they work, independently and together, to address ecological dilemmas. The essays add these people's critical perspectives--gained through intimate struggle with life-altering force--to the global dialogue surrounding humanity's response to climate change, threats to biocultural diversity, and environmental catastrophe. Interdisciplinary in approach and wide-ranging in scope, Performing Environmentalisms is an engaging look at the merger of cultural expression and environmental action on the front lines of today's global emergency. Contributors: Aaron S. Allen, Eduardo S. Brondizio, Assefa Tefera Dibaba, Rebecca Dirksen, Mary Hufford, John Holmes McDowell, Mark Pedelty, Jennifer C. Post, Chie Sakakibara, Jeff Todd Titon, Rory Turner, Lois Wilcken

**How to (Almost) Make Friends on the Internet**-Michael

Cunningham 2020-11-12 'Will have you in stitches' The Irish Times 'He's almost certainly not the hero you ordered, but he's the hero we need right now' Dave Gorman 'I nearly stopped breathing twice as I was laughing so much. Glorious.'" Dom Joly 'Probably the funniest thing I've read this year' Rufus Hound Get ready for the online adventures of one man who just wants to make friends And one very annoyed world Based on the ingenious Sir Michael Twitter account, How to (Almost) Make Friends on the Internet is the funniest book you'll read this year. Whether it's offering his services as a Karate Lawyer or Funeral DJ, devising the world's worst plan to get a free haircut, or trying to buy a blue bucket that may or may not be for sale, Michael just wants to connect with people. The only problem is that people are slightly less enthusiastic about connecting with him and the results are utterly hilarious. Warning: you'll never think about adding someone called Michael to a group chat the same way ever again. 'Finally, someone has worked out a good use for social media and it's brilliantly, painfully funny' Iain Morris, Co-creator of The Inbetweeners 'Michael is the funniest human on the internet, bar none. Read his book, you cowards' James Felton, author of 52 Times Britain was a Bellend

### **Your Customer Creation Equation**-Brian Massey

2012-07-01 Finally-a book that shows marketers how to truly achieve real results from their websites. Brian Massey, The Conversion Scientist, takes the mystery out of how to create high-performing sites. By walking the reader through five online formulas-aka "customer creation equations"-he

shows you how to determine the best formula your own particular business structure and how to optimize it for stellar results. Key to this process is setting up a "digital conversion lab," and Brian shows you how. Jam-packed with easy-to-understand equations for things like increasing your conversion rate and decreasing your abandonment rate—as well as practical strategies for attracting prospects, turning buyers into triers, and morphing buyers into loyal brand advocates—this book will enable anyone to stop hoping for success and start enjoying higher profits. The Advanced Curriculum in Visitor Studies gives readers additional guidance on how to really understand their targets and customers—an understanding that is at the heart of all successful websites, and businesses, everywhere.

**Rage**—Bob Woodward 2020-09-15 Rage is an unprecedented and intimate tour de force of new reporting on the Trump presidency facing a global pandemic, economic disaster and racial unrest. Woodward, the #1 international bestselling author of *Fear: Trump in the White House*, has uncovered the precise moment the president was warned that the Covid-19 epidemic would be the biggest national security threat to his presidency. In dramatic detail, Woodward takes readers into the Oval Office as Trump's head pops up when he is told in January 2020 that the pandemic could reach the scale of the 1918 Spanish Flu that killed 675,000 Americans. In 17 on-the-record interviews with Woodward over seven volatile months—an utterly vivid window into Trump's mind—the president provides a self-portrait that is part denial and part combative interchange mixed with

surprising moments of doubt as he glimpses the perils in the presidency and what he calls the “dynamite behind every door.” At key decision points, Rage shows how Trump’s responses to the crises of 2020 were rooted in the instincts, habits and style he developed during his first three years as president. Revisiting the earliest days of the Trump presidency, Rage reveals how Secretary of Defense James Mattis, Secretary of State Rex Tillerson and Director of National Intelligence Dan Coats struggled to keep the country safe as the president dismantled any semblance of collegial national security decision making. Rage draws from hundreds of hours of interviews with firsthand witnesses as well as participants’ notes, emails, diaries, calendars and confidential documents. Woodward obtained 25 never-seen personal letters exchanged between Trump and North Korean leader Kim Jong Un, who describes the bond between the two leaders as out of a “fantasy film.” Trump insists to Woodward he will triumph over Covid-19 and the economic calamity. “Don’t worry about it, Bob. Okay?” Trump told the author in July. “Don’t worry about it. We’ll get to do another book. You’ll find I was right.”

**Happy Ever After**-Paul Dolan 2019-01-17 'A passionate, provocative book. It isn't just a self-help book. It is a manifesto for a better society' Sunday Times 'One of the most rigorous articulations of the new mood of acceptance...a persuasive demolition of many of our cultural stories about how we ought to live' Oliver Burkeman, Guardian Paul Dolan, the bestselling author of Happiness by Design, shows us how to escape the myth of perfection and

find our own route to happiness. Be ambitious; find everlasting love; look after your health ... There are countless stories about how we ought to live our lives. These narratives can make our lives easier, and they might sometimes make us happier too. But they can also trap us and those around us. In *Happy Ever After*, bestselling happiness expert Professor Paul Dolan draws on a variety of studies ranging over wellbeing, inequality and discrimination to bust the common myths about our sources of happiness. He shows that there can be many unexpected paths to lasting fulfilment. Some of these might involve not going into higher education, choosing not to marry, rewarding acts rooted in self-interest and caring a little less about living forever. By freeing ourselves from the myth of the perfect life, we might each find a life worth living.

**Miami Noir: The Classics**-Les Standiford 2020-11-03 The long-awaited sequel to 2006's best-selling *Miami Noir* highlights an outstanding tradition of legendary writers exploring the dark side of paradise. "The 19 stories featured in the superb *Miami Noir: The Classics* are solidly entertaining and a thoughtful history about life, crime and punishment in South Florida." --South Florida Sun-Sentinel "Miami hasn't been around for long, as cities go--just a little over a century. But it's been fertile ground for crime fiction almost from the beginning. The evidence is clear in *Miami Noir: The Classics*...[Standiford's] choices for the 19 stories in this volume are fascinating." --Tampa Bay Times "Miami has long trembled on a knife's edge between paradise and underworld, retirement community and dark web, sunny

metropolis and criminal clearinghouse. The 19 stories collected by local author Standiford in [Miami Noir: The Classics] speak to this singular dichotomy." --Boca Mag, recommended by Mitch Kaplan "Miami Noir: The Classics dares readers to explore a geography that may be both unfamiliar and unsettling...[The setting] proves as tangible as if you were there, muggy air rising off every page." --Zyzzzyva "An exceptional treat for all dedicated fans of noir fiction." --Midwest Book Review "The 19 selections in this welcome reprint anthology in Akashic's noir series enshrine the dark side of Miami...This historical survey makes a fine case for Miami as a timeless setting for great crime fiction." --Publishers Weekly "A collection that shows how far a city can come and still maintain a strong noir tradition." --Kirkus Reviews "All these stories embedded within this historical survey, make a fine case for Miami as a timeless setting for great crime fiction." --Exclusive Magazine Akashic Books continues its award-winning series of original noir anthologies, launched in 2004 with Brooklyn Noir. Each volume comprises stories set in a distinct neighborhood or location within the respective city. Featuring classic noir fiction from: Marjory Stoneman Douglas, Elmore Leonard, Lester Dent, Zora Neale Hurston, Brett Halliday, Damon Runyon, Edna Buchanan, James Carlos Blake, Douglas Fairbairn, Charles Willeford, T.J. MacGregor, Lynne Barrett, Les Standiford, Preston L. Allen, John Dufresne, Vicki Hendricks, Christine Kling, Carolina Garcia-Aguilera, and David Beaty. From the introduction by Les Standiford: Despite the fact that Miami has in the past decade-plus added a downtown performing arts complex to outdo all but the Kennedy Center in DC, a jaw-dropping art museum by

the Biscayne Bay, an exemplary science museum, the establishment of the world-renowned Art Basel festival on Miami Beach, and so much more...the operative literary form to portray Miami--the essential aria of the Magic City--is spun from threads of mystery and yearning and darkness... When terrible things threaten in some ominous neighborhoods, in some tough cities, a reader of a story set in those locales might be forgiven for expecting the worst; but when calamity takes place against the backdrop of paradise, as we have here in Miami, the impact is all the greater.

**A Free Man of Color**-Barbara Hambly 2011-01-05 A lush and haunting novel of a city steeped in decadent pleasures . . . and of a man, proud and defiant, caught in a web of murder and betrayal. It is 1833. In the midst of Mardi Gras, Benjamin January, a Creole physician and music teacher, is playing piano at the Salle d'Orleans when the evenings festivities are interrupted—by murder. Ravishing Angelique Crozat, a notorious octoroon who travels in the city's finest company, has been strangled to death. With the authorities reluctant to become involved, Ben begins his own inquiry, which will take him through the seamy haunts of riverboatmen and into the huts of voodoo-worshipping slaves. But soon the eyes of suspicion turn toward Ben—for, black as the slave who fathered him, this free man of color is still the perfect scapegoat. . . . Praise for *A Free Man of Color* “A smashing debut. Rich and exciting with both substance and spice.”—Star Tribune, Minneapolis “A sparkling gem.”—King Features Syndicate “An astonishing

tour de force.”—Margaret Maron “Superb.”—Drood Review of Mystery “A darned good murder mystery.”—USA Today

**A Hero on Mount St. Helens**-Melanie Holmes 2019-05-16  
Serendipity placed David Johnston on Mount St. Helens when the volcano rumbled to life in March 1980.

Throughout that ominous spring, Johnston was part of a team that conducted scientific research that underpinned warnings about the mountain. Those warnings saved thousands of lives when the most devastating eruption in U.S. history blew apart Mount St. Helens, but killed Johnston on the ridge that now bears his name. Melanie Holmes tells the story of Johnston's journey from a nature-loving Boy Scout to a committed geologist. Blending science with personal detail, Holmes follows Johnston through encounters with Aleutian volcanoes, his work helping the Portuguese government assess the geothermal power of the Azores, and his dream job as a volcanologist with the U.S. Geological Survey. Interviews and personal writings reveal what a friend called "the most unjaded person I ever met," an imperfect but kind, intelligent young scientist passionately in love with his life and work and determined to make a difference.

**The Timewaster Letters**-Robin Cooper 2011-08-30 For several years, Robin Cooper has been plaguing department stores, hotels, associations, fan clubs and a certain children's book publisher with his letters. From Prince Charles to the Peanut Council, Harrods to the British

Halibut Association - no one is safe. So who is Robin Cooper? Architect, thimble designer, trampoline tester and wasp expert, Robin Cooper is all of these things - it just depends on the person he's writing to...

**Model Rules of Professional Conduct**-American Bar Association. House of Delegates 2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

**Life, Lemons and Melons**-Alice-May Purkiss 2019-01-10 Life, Lemons and Melons is the story of figuring out life when it hands you a whole heap of lemons and you don't have the energy to make lemonade or even reach for the gin. It's a funny story about things that aren't that funny and a coming of age story that came a few years later (or earlier) than expected. It's about mortality, health, the pressures of the modern world, trying to be positive when

your heart feels like it's being repeatedly trodden on by an elephant and finding humour in getting diagnosed with breast cancer aged 26 when you carry a black dog around with you every day. It's essentially about the life of every twenty something - but with some added mental anguish and the mild inconvenience which is cancer thrown into the mix. A recipe for disaster? Maybe. A good story? Hopefully. Illustrated by Georgia Wilmot

### **The Crime Interviews: Volume One**-Len Wanner

2013-12-05 If you're interested in learning about how to write, how to be a writer, or about the writing life in general, what greater resource and pleasure than frank, in-depth interviews with best-selling authors? In *The Crime Interviews Volume One*, Len Wanner interviews: Ian Rankin • Stuart MacBride • Karen Campbell • Neil Forsyth • Chris Brookmyre • Paul Johnston • Alice Thompson • Allan Guthrie • Louise Welsh So much more than a collection of writing tips, *The Crime Interviews Volume One* is brimming with pithy, witty and sometimes just plain weird revelations. It provides a unique and unforgettable insight into how authors think... and how they write. See also *The Crime Interviews Volume Two* and *Volume Three*. [Two Ravens Press published a previous edition of this book in 2011 under the title *Dead Sharp: Scottish Crime Writers On Country And Craft*] What they're saying.... This is fascinating reading and a real treat. A rare insight into the minds of a diverse group of crime writers, writing in one genre, living in proximity, but all with utterly different, individual voices." •-Peter James, author of *Dead Like You*

"Len Wanner is the perfect interrogator, subtle, accommodating and incisive, and these interviews elicit many layers of deep, dark and vital intelligence." •-John Banville, author of *The Sea* •

**Homeland Elegies**-Ayad Akhtar 2020-09-15 A "profound and provocative" new work by the Pulitzer Prize-winning author of *Disgraced* and *American Dervish*: an immigrant father and his son search for belonging—in post-Trump America, and with each other (Kirkus Reviews). One of the New York Times 10 Best Books of the Year One of Barack Obama's Favorite Books of 2020 Finalist for the 2021 Andrew Carnegie Medal for Excellence in Fiction A Best Book of 2020 \* Washington Post \* O Magazine \* New York Times Book Review \* Publishers Weekly "Passionate, disturbing, unputdownable." —Salman Rushdie A deeply personal work about identity and belonging in a nation coming apart at the seams, *Homeland Elegies* blends fact and fiction to tell an epic story of longing and dispossession in the world that 9/11 made. Part family drama, part social essay, part picaresque novel, at its heart it is the story of a father, a son, and the country they both call home. Ayad Akhtar forges a new narrative voice to capture a country in which debt has ruined countless lives and the gods of finance rule, where immigrants live in fear, and where the nation's unhealed wounds wreak havoc around the world. Akhtar attempts to make sense of it all through the lens of a story about one family, from a heartland town in America to palatial suites in Central Europe to guerrilla lookouts in the mountains of Afghanistan, and spares no one—least of all

himself—in the process.
