The Spotify Play-Sven Carlsson 2021-01-26 The American edition of the revelatory Swedish book Spotify Untold, the basis of the new Netflix Original series slated for 2022! "Two excellent Swedish journalists recount the historic rise of the company that changed modern music not just as a riveting business tale, but as a lesson in tech geopolitics. Spotify’s Daniel Ek shows why Silicon Valley does not always win.”—David Kirkpatrick, New York Times bestselling author of The Facebook Effect Steve Jobs tried to stop this moment from ever happening. Google and Microsoft made bids to preempt it. The music industry blocked it time and again. Yet, on a summer’s eve in 2011, the whiz kid CEO of a Swedish start-up celebrated his company’s US launch. In the midst of the Apple-Android tech war and a music label crusade against piracy and illegal downloading, Spotify withdrew the battle lines, sent shockwaves through Silicon Valley, and got the headline executives at Universal, Sony, and Warner to sign with its “free-mium” platform. In The Spotify Play, now adapted into an upcoming Netflix Original series, Swedish investigative tech journalists Sven Carlsson and Jonas Leijonhufvud, who covered the company from its inception, draw upon hundreds of interviews, previously untapped sources, and in-depth reporting on figures like Mark Zuckerberg, Sean Parker, Steve Jobs, Taylor Swift, Jay-Z, Pony Ma Huateng, and Jimmy Iovine. They have captured the riveting David vs. Goliath story of a disruptive innovator who played the industry giants in a quest to revolutionize the consumption of sound, building today’s largest online source of audio, with more than 50 million songs, one million-plus podcasts, and over 300 million users.

How to Build a Pro Streetbike-Mike Seate Whether it's a big-bore, high-end custom sportbike you're after, or a naked, bare knuckles streetfighting drag racer, this book has the goods for getting you there. In three different scenarios, the nation's top builders give blow-by-blow instructions for completely rebuilding three popular streetbikes -- from performance modifications and exhaust systems to flawless finishes and detail work. Focusing on highly customized Hayabusa drag bikes, including a slammed and lowered Suzuki GSX1300R Hayabusa, John Dantzler of the Charlotte, North Carolina, shop Two Wheel Customs outlines the suspension and engine modifications that the serious street and quarter-mile racer can make. He takes a salvaged, late-model four-cylinder street machine and transforms it into the kind of machine that both professional stunt riders and corner-carving enthusiasts favor. Next, author Mike Seate covers the details on constructing and installing popular modifications -- everything from engine crash guards and wheelie bars to motocross-style handlebars and bikini fairings -- while stunt riders and streetfighter builders from the United States and Europe weigh in with tips and advice. Last but not least, the builders at Wisconsin's Patrick's Performance and South Carolina's Coastal Motorcycles provide a step-by-step account of the construction of two high-end custom sportbikes -- transforming a Yamaha YZF R-1 and a Suzuki GSX-R 1000 into the kind of machines that are eye-popping everywhere-on the streets or on the motorcycle show circuit.

Race Tech's Motorcycle Suspension Bible-Paul Thede 2010-06-19 Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America’s premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede’s wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid’s, handle like a pro’s. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension’s condition. He outlines testing procedures that will help you gauge how well you’re improving your suspension, along with your riding. And, if you’re inclined to perfect your bike’s handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

Emily Post's Etiquette, 19th Edition-Lizzie Post 2017-04-18 The Emily Post Institute, the most trusted brand in etiquette, tackles the latest issues regarding how we interact along with classic etiquette and manners advice in this updated and gorgeously packaged edition. Today’s world is in a state of constant change. But one thing remains year after year: the necessity for good etiquette. This 19th edition of Emily Post’s Etiquette offers insight and wisdom on a variety of new topics and fresh advice on classic conundrums, including: Social media Living with neighbors Networking and job seeking Office issues Sports and recreation Entertaining at home and celebrations Weddings Invitations Loss, grieving, and condolences Table manners While they offer useful information on the practical—from table settings and introductions to thank-you notes and condolences—the Posts make it clear why good etiquette matters. Etiquette is a sensitive awareness of the feelings of others, they remind us. Ultimately, being considerate, respectful, and honest is what’s really important in building positive relationships. "Please" and "thank you" do go a long way, and whether it’s a handshake, a hug, or a friend request, it’s the underlying sincerity and good intentions behind any action that matter most.

Hustle and Float-Rahaf Harfoush 2019-02-19 OUR CULTURE HAS BECOME OBSESSED WITH HUSTLING. As we struggle to keep up in a knowledge economy that never sleeps, we arm ourselves with life hacks, to-do lists, and an inbox-zero mentality, grasping at anything that will help us work faster, push harder, and produce more. There’s just one problem: most of these solutions are making things worse. Creativity isn’t produced on an assembly line, and endless hustle is ruining our mental and physical health while subtracting from our creative performance. Productivity and Creativity are not compatible; we are stuck between them, and like the opposite poles of a magnet, they are tearing us apart. When we’re told to sleep more, meditate, and slow down, we nod our heads in agreement, yet seem incapable of applying this advice in our own lives. Why do we act against our creative best interests? WE HAVE FORGOTTEN HOW TO FLOAT. The answer lies in our history, culture, and biology. Instead of focusing on how we work, we must understand why we work—why we believe that what we do determines who we are. Hustle and Float explores how our work culture creates contradictions between what we think we want and what we actually need, and points the way to a more humane, more sustainable, and, yes, more creative, way of working and living.

Shifting Gears at 50-Philip Buonpastore 2012-01-24 From the publishers of Motorcycle Consumer News, Shifting Gears at 50 is a one-of-a-kind motorcycling manual for returning and late-entry riders, essentially anyone 40 years old and up who's looking to hit the road on two wheels. Author Philip Buonpastore, a motorcycle journalist and retired US Air Force photographer, helps readers gear up to get back on a motorcycle (or get on one for the first time).In Part 1, "Becoming a Motorcyclist," Buonpastore discusses the basics of buying the right bike, gear, and equipment and getting the bike up to speed. The book continues with a good overview of learning to ride, the importance of taking a road course, venturing out on the first ride, and extending rides to long-distance jaunts. Throughout Part 1 are sidebars by riding-safety instructor and expert Walt Fulton, offering sound advice on safety precautions and execution for every leg of the new and returning rider's journey. The author emphasizes what older riders should be aware of and which factors can affect their rides. Adding lots of great firsthand advice are humorous and helpful stories collected by the author and related by returning riders at various ages, from their late 30s to 60s.In Part 2, Buonpastore shares five of his favorite travelogues covering his long-distance tours around the US, from the American South to the west coasts. This section is illustrated by over 100 of the author's breathtaking photographs of the various locations he toured on his bike.The foreword to the book is provided by best-selling motorcycle author David Hough (author of I-5 Press's Proficient Motorcycling and Mastering the Ride). Hough writes, "If you're getting into today's motorcycling at an age your doctor would describe as ‘middle aged' or ‘senior,' do you yourself a clever favor and read Phil's book."

50 Wild Motorcycle Tales-Walter F. Kern 2014-06-21 This book is an anthology of motorcycle stories. These 50 stories were submitted to me over a 13-year period by a wide range of motorcyclists from all walks of life. These authors tell their own personal stories of what happened to them as they rode their motorcycles. Among these writers are a few professionals who made some of their works available to me early in their careers. They now have books of their own. Some tales are very short, and some are very long. I've tried to mix them up. You may find the stories of some authors grouped together. Each tale was intensively edited to provide a good reader experience. You'll find humor, risk-taking, adventures, poetry, rhyming verse, 2-up excursions, world travelers, stupid tricks on bikes, lessons learned, winter riding perils, hazards while riding, and stories told by returning riders. I wrote five of these stories. Two of my stories relate my experiences on my motorcycle trips. Two stories are fictional children's stories that involve fantasy and motorcycles. The last story is a short fictional tale that describes an alternate world of motorcycles. Got a better original tale? Send it to me for consideration in a possible sequel.

Secret Intentions/Christmas Conspiracy-PAULA GRAVES 2012-11-01 Secret Intentions by Paula Graves Although he was trying to crack a global conspiracy, former soldier Jesse Cooper had an even more important mission: keep girl-next-door Evie Marsh safe. Shocked to learn Evie could be the key to bringing down this secret plot, the head of Cooper Security had to stifle his attraction to her. Between dodging bullets and staying one step ahead of the enemy, temptation became impossible to resist. As a man made for danger, Jesse thought sweet Evie had no place in his world. But the heat of the moment might prove differently... Christmas Conspiracy by Robin Perini Four years ago, girl-next-door Kat Nelson went from being a tempting assignment to the fling P.I. Logan Carmichael never forgot. Now he'd been hired to find her by a king claiming Kat was heir to the throne... Locating Kat wasn't difficult, but learning he was the father of her toddler twins made Logan's heart ache. His job was to protect her from a madman who wanted her dead and a king who needed her alive. Yet one look at his children made the steely CIA vet yearn to be more than just her bodyguard...

Christmas Conspiracy-Robin Perini 2012-10-02 "Four years ago, girl-next-door Kat Nelson had gone from being a tempting assignment to the fling P.I. Logan Carmichael never forgot. Now he'd been hired to find her by a king claiming Kat was heir to the throne. Locating her wasn't difficult. Learning he was the father of her toddler twins, however, made him ache. But his job was to protect her from a madman who wanted her dead, and keep her away from the king who needed her alive. And yet one look at his children made the steely CIA vet yearn to be more than just a bodyguard. Defusing bombs and taking out terrorists wasn't as scary as being a father-and didn't get his heart racing as much as the thought of spending every night by Kat's side"--P. [4] of cover.

The Essential Guide to Motorcycle Maintenance-Mark Zimmerman 2016-12-15 Popular motorcycle journalist and author Mark Zimmerman brings a comfortable, conversational tone to his easy-to-understand explanations of how motorcycles work and how to maintain them and fix them when they don't. This practical tutorial covers all brands and styles of bikes, making it a perfect companion to the owner's service manual whether you need to use the step-by-step instructions for basic maintenance techniques to wrench on your bike yourself or just want to learn enough to become an informed customer at your local motorcycle service department. This book includes more than 500 color photos and a thorough index to make it an especially user-friendly reference for home motorcycle mechanics of all skill levels.

Japan's Motorcycle Wars-Jeffrey W. Alexander 2009-01-01 For decades the crown jewels of Japan's postwar manufacturing industry, motorcycles remain one of Japan's top exports. Japan's Motorcycle Wars assesses the historical development and societal impact of the motorcycle industry, from the influence of motor sports on vehicle sales in the early 1900s to the postwar developments that led to the massive wave of motorization sweeping the Asia-Pacific region today. Jeffrey Alexander brings a wealth of information to light, providing English translations of transcripts, industry publications, and company histories that have until now been available only in Japanese. By exploring the industry as a whole, he reveals that Japan's motorcycle industry was characterized not by communitarian success but by misplaced loyalties, technical disasters, and brutal competition.

Raspberry Pi Projects for Kids - Second Edition-Daniel Bates 2015-04-28 This book is for kids who wish to develop games and applications using the Raspberry Pi. No prior experience in programming is necessary; you need only a Raspberry Pi and the required peripherals.

Our Customers, Our Friends-Brooke Bates 2011-12-01 Being the best isn't easy. It requires dedication, hard work, and a passion and plan to sell more than anybody else. It also requires treating your customer as your best friend. For more than half a century, Rick Case has steered Rick Case Automotive Group to become one of the most successful car dealership chains in America by following this simple rule. & ;& ;Rick, along with his wife, Rita, have learned what it takes to become the best and how to stay on top whether it's selling cars or motorcycles, building iconic brands, marketing sporting events, or developing new philanthropic events that benefit local charities.& ;& ;In Our Customers, Our Friends, Rick explains how to look through the eyes of your customers and transform any organization into an industry leader. & ;& ;From creating the 10-year, 100,000-mile warranty that literally changed the face of Hyundai to promoting daredevil Evel Knievel's daring stunts, Rick Case has applied creativity and innovation as well as a dab of marketing genius to every endeavor he undertakes. & ;& ;But before he grew into any of the titles people assign him car dealer, promoter, entrepreneur, pioneer, philanthropist, or marketing guru Rick was just a car salesman from Akron, Ohio, with a big dream. Here's how he did it, and how you can take the lessons he learned and apply them to your own life.

The Gods, the State, and the Individual-John Scheid 2015-11-13 Roman religion has long presented a number of challenges to historians approaching the subject from a perspective framed by the three Abrahamic religions. The Romans had no sacred text that espoused its creed or offered a portrait of its foundational myth. They described relations with the divine using technical terms widely employed to describe relations with other humans. Indeed, there was not even a word in classical Latin that corresponds to the English word religion. In The Gods, the State, and the Individual, John Scheid confronts these and other challenges directly. If Roman religious practice has long been dismissed as a cynical or naïve system of borrowed structures unmarked by any true piety, Scheid contends that this is the result of a misplaced expectation that the basis of religion lies in an individual's personal and revelatory relationship with his or her god. He argues that when viewed in the light of secular history as opposed to Christian theology, Roman religion emerges as a legitimate phenomenon in which rituals, both public and private, enforced a sense of communal, civic, and state identity. Since the 1970s, Scheid has been one of the most influential figures reshaping scholarly understanding of ancient Roman religion. The Gods, the State, and the Individual presents a translation of Scheid's work that chronicles the development of his field-changing scholarship.

Harley-Davidson XL Sportster 2014-2017-Clymer Publications 2018-05-01 Each Clymer manual provides specific and detailed instructions for performing everything from basic maintenance and troubleshooting to a complete overhaul of the machine. This manual covers the Harley-Davidson XL Sportster built from 2014 to 2017. These skills are grouped into personal skills, interpersonal skills and group skills, so students can see how certain skills are related to others.

Moto Guzzi Big Twins-Greg Field 1998 In the MOTORCYCLES COLOUR HISTORY series. A detailed history of the Italian motorcycle makers bikes powered by engines rated 700cc and larger. Field traces the origin of the species and its evolution from a 1967 model to today's fuel-injected twins. The colour illustrations are accompanied by detailed descriptions of each model.

Suzuki GSX1300R Hayabusa 99-07-Penton Staff 2000-05-24 GSXR1300R Hayabusa (1999-2007)

Subaru Legacy (10-16) & Forester (09-16)-Haynes Publishing 2017-06-15 Complete coverage for your Subaru Legacy (10-16) & Forester (09-16):

Motorcycle:Definitive Visual Hist-DK 2012-04-02 Set your pulse racing with this stunning visual guide to over 1000 pin-up machines - iconic symbols of wanderlust, speed, and the open road. From Gottlieb Daimler's gas-powered "engine on a bicycle" which set fire to the seat on its first outing, to superbikes such as the Ducati 916, Motorcycle: The Definitive Visual History takes you on an enthralling tour of the bike's history. It shows you bikes that appeal to the head - practical forms of transport - and to the heart - a parade of classic pin-ups including cult machines such as the Honda RC30, the Triumph Bonneville, and the Harley-Davidson XR750. Motorcycle: The Definitive Visual History shows the brilliance and impracticality of different designs and features detailed cross-sections of engines such as the air-cooled two-stroke. It explains how the great marques such as the Royal Enfield, the "legendary" Indian Scout, Vespa, and Norton all became household names. Whether you are a hardcore enthusiast or looking forward to your first machine, this is one title you cannot be without.

Stayin' Safe-Lawrence Grodsky 2008-06-15 Larry Grodsky devoted his life to motorcycle safety. Through the riding courses he taught and his "Stayin' Safe" columns in Rider magazine (from 1988 until his untimely death in 2006), he helped thousands of motorcyclists improve their skills and their ability to ride really well. This collection of Grodsky's columns reveals his ability to illuminate complex and sometimes highly technical subjects with an entertaining and personal style, spiced with his trademark wry wit and keen observations of human behavior. A master teacher, Grodsky was constantly learning from his students, always striving to find the best way to lead riders towards the mastery of their two-wheeled vehicles. Many of his columns focus on helping riders develop specific skills (complete with practice exercises), while others deal with the riding environment and riders' mental processes. Although it is packed with information useful to both novice and experienced motorcyclists, this book is not structured as a how-to guide to motorcycle proficiency. Rather, it is a collection of thoughtful essays to be read and savored individually. Readers will be rewarded by the beautifully written stories of a great motorcycle riding instructor who has left his mark on a generation of grateful riders.

Organization Development and Change-Thomas G. Cummings 2006

Best of British Bikes-Jim Reynolds 1990 A guide to Britain's motorcycle history, giving the history and description of various motorbikes and including the experiences of the present-day owners.
